## 1 Choose your rubber and thickness:

| Half-sole rubber options     | Description   | 3.5mm | 4mm  | 5mm  |
|------------------------------|---|-------|------|------|
| Vibram XS Edge               | Excellent rubber for technical edging   | -     | \$55 | \$65 |
| Vibram XS Grip 1             | Super sticky rubber that is best for bouldering and overhanging routes          | -     | \$55 | \$65 |
| Climbing Adhesive Technology | Softest rubber in our range, super grippy! Durability and edging is poor        | -     | \$55 | -    |
| Neo Friction                 | Durable high friction rubber  | -     | \$55 | -    |
| Unparallel RH                | Similar compounds to Stealth C4. Hard stiff rubber that is excellent for edging | -     | \$65 | \$75 |
| Vibram XS Grip 2             | Like Vibram XS Grip 1, but softer and better                                    | \$60  | \$65 | -    |
| NO EDGE                      | Original XS Grip2 3.5mm rubber. For No Edge designed shoes only                 | \$85  | -    | -    |
| Not sure, you decide         | Let Climbing Resoles decide on a rubber for you                                 |       |      |      |

## 2 Rand repair option (\$25 per pair) - done in conjunction with a resole

A rand repair is the replacement of your toe cap because it has a hole or is wearing thin. If you are unsure if your rands need replacing, we can \*asses your rands when your shoes come in. Rands will only be replaced if deemed necessary.

## 3 Optional extra (\$5) - To increase sensitivity, we can thin the middle of your half-sole rubber (from step 1). This won't affect your new edges.

## 4 Postage (\$12) – Share postage costs with fellow climbers, shipping is only \$6 each way! (Normally \$25 - \$30)

| 1. Resole | 2. Rand repair (\$25) | 2. *Asses my rands | 2. Rand repair NOT needed | 3. Added sensitivity | 4. Postage | Grand total |
|-----------|-----------------------|--------------------|---------------------------|----------------------|------------|-------------|
|           |                       |                    |                           |                      | \$12       | \$          |

\*Updates on your rand repair can be made on our website under the "Shop" page
