Full name: \_\_\_\_\_ Contact number (**NEEDED**): \_\_\_\_\_

Gym: \_\_\_\_\_ State/Territory: \_\_\_\_\_

Description of your climbing shoes i.e. brand, model and size: \_\_\_\_\_

## 1 Choose your rubber and thickness:

Half-sole rubber options per pair	Description	4mm \$70	5mm \$80
Vibram XS Edge	Excellent durable hard rubber for technical edging		
Vibram XS Grip	Semi stiff rubber that is best for bouldering and overhanging routes		-
Vibram XS Grip2	Semi soft rubber, great all round rubber		-
Neo Fuse	High friction semi stiff rubber		-
Neo Force	Harder rubber which is great for edging and durability		-
Davos Stick Zero	Soft sticky Italian rubber. Great for smearing and overhanging routes		-
Gym Rubber	Non marking rubber. This will help keep climbing walls clean. Yellow in colour		
Approach and Mountain Bike	Vibram Indrogrip 4.5mm is a studded all terrain sticky rubber	-	\$95
<b>Not sure, you decide</b>	<b>Let Climbing Resoles decide on a rubber for you</b>		

Please note that we no longer do "No Edge" resoles

## 2 Rand repair (\$35 per pair) - done in conjunction with a resole!

A rand repair is the replacement of your toe cap because it has a hole or is wearing thin. If you are unsure if your rands need replacing, we can \*assess your rands when your shoes come in. Rands will only be replaced if deemed necessary.

## 3 Postage (\$14) – Share postage costs with other climbers. Postage is only \$7 each way. Once completed, your shoes will be sent back to your gym for pick up. We will send you a text message once they are ready to be sent back

### Your order summary:

1. Resole	2. Rand repair	2. *Assess my rands	2. Rand repair NOT needed	4. Postage	Grand total
				\$14	

## 4. Payment - Once we have received your shoes, we will assess them and send you a text message with the total amount owing and our bank account details
